

# INDEX TO VOLUME 87

## A

**ÅSTRÖM, LARS.** See **LALLI, ANTHONY F.**

## ABDOMEN

See also **Angiography**; **Pelvis**; **Pregnancy**; **Urography**; under names of individual organs, as **Adrenals**; **Intestines**; etc.

—Turano's method for study of motor function of hollow muscular viscera: simultaneous exploration by cine-roentgenography and intraluminal pressures (ab), Enzo Salomoni, **87**: 193, 1966

—visceral lymphography: experimental study, Peter G. Herman, David L. Benninghoff, Tsutomu Takashima, and Harry Z. Melins, **87**: 7, 1966

**blood supply.** See also **Aorta**; **Arteries**, mesenteric; **Venae Cavae**; other subheads under **Abdomen**

—demonstration of suprarenal glands by visceral angiography: preliminary report (ab), H. Ludin, **87**: 998, 1966

## cancer

—isotope tests of kidney function in pelvic and abdominal irradiation (ab), J. P. Green et al, **87**: 399, 1966

## fibrosis

—use of lymphangiography for diagnosis of idiopathic retroperitoneal fibrosis (ab), B. D. Hahn, **87**: 983, 1966

## irradiation

—complete regression, following abdominal irradiation alone, of chylothorax complicating lymphosarcoma with ascites, Norman L. Swenson, Samuel S. Kurohara, and Frederick W. George, III, **87**: 635, 1966

—evaluation of tolerance during treatment, late tolerance, and better evaluation of clinical effectiveness of cobalt-60 moving strip technic (ab), Luis Delclos and Margaret Murphy, **87**: 601, 1966

**muscles.** See **Muscles**

## pain in

—compression of celiac trunk and abdominal angina: preliminary report of 15 cases (ab), J. David Dunbar et al, **87**: 173, 1966

## pressure

—mechanism of obstruction of infradiaphragmatic portion of inferior vena cava in presence of increased intra-abdominal pressure (ab), John Dopppman et al, **87**: 788, 1966

**roentgenography.** See also other subheads under **Abdomen**

—demonstration of processus vaginalis and testis on trans-uterine fetal celiogram, William N. Cohen, **87**: 730, 1966

—value of Chudacek test in negative intravenous cholangiography and its modification with medicaments (ab), Lidio G. Mosca et al, **87**: 795, 1966

## tumors

—evaluation of use of regional oxygenation techniques to enhance localization of radioisotopes in tumors, Donald S. Faust, Luther W. Brady, Millard N. Croll, Jewell L. Osterholm, and Ronald Schupp, **87**: 285, 1966

—late complications following radioactive gold injection (ab), Horst Johannsen, **87**: 604, 1966

—radioisotope blood pool scan (ab), Frederick J. Bonte and Thomas S. Curry, III, **87**: 1005, 1966

—recognition of exogastric tumors: 6 cases (ab), H. Herlinger, **87**: 984, 1966

—regional oxygenation in diagnosis and management of intra-abdominal and retroperitoneal neoplasms (ab), B. L. Aronoff et al, **87**: 196, 1966

—results of large volume irradiation in management of Hodgkin's disease and malignant lymphomas originating in abdomen, Lillian M. Fuller, **87**: 1058, 1966

—retroperitoneal tumors: survey and assessment of roentgen techniques (ab), Robert M. Lowman, **87**: 394, 1966

—selective arteriography of celiac axis and superior mesenteric artery in diagnosis of abdominal lesions (ab), H. Weissleder et al, **87**: 575, 1966

—value of special angiographic techniques in management of patients with abdominal neoplasms (ab), Stanley Baum et al, **87**: 393, 1966

**ABEL, MIRIAM.** See **BOYD, ELDON M.**

**ABIE, TOHRU.** See **CAMERON, JOHN L.**

**ABLAZA, SABEL G.** See **SON, RODOLFO S.**

## ABNORMALITIES AND DEFORMITIES

See also **Heredity**; **Monsters**; under organs, and regions

—osseous manifestations of congenital rubella syndrome (ab), Arnold J. Rudolph et al, **87**: 796, 1966

—radiologic phenotype of the D<sub>1</sub> trisomy syndrome: abnormalities of ribs and pelvis (ab), Frederick Hecht et al, **87**: 186, 1966

—roentgenographic manifestations of rubella syndrome in newborn infants (ab), Edward B. Singleton et al, **87**: 1147, 1966

—trisomy 17/18 (ab), R. Astley, **87**: 797, 1966

**ABRAHAMS, C.** See **SEFTEL, H. C.**

**ABSCISS.** See under organs and regions

**ACCELERATOR, LINEAR.** See **Linear Accelerator**

**ACETABULUM.** See **Hip**

## ACETOPHENETIDIN

—radiologic observations associated with Phenacetin overdosage (ab), J. H. Gardiner, **87**: 995, 1966

## ACHONDROPLASIA

—chondrodysplasia calcificans congenita: chondrodysplasia epiphysealis punctata, stippled epiphyses (ab), John C. Melnick, **87**: 183, 1966

—syndrome of incomplete regional achondroplasia (iliac and ribs) with abdominal muscle dysplasia (ab), Emmanuel Shapira et al, **87**: 582, 1966

## ACID

—acid-barium swallows in radiographic evaluation of clinical esophagitis, Martin W. Donner, Martin L. Silbiger, Perry Hookman, and Thomas R. Hendrix, **87**: 220, 1966

**desoxyribonucleic.** See **Nucleins**

## glycyrrhetic

—treatment of gastric ulceration with carbenoxolone sodium: clinical and radiological evaluation (ab), Leon Horwich and Raymond Galloway, **87**: 176, 1966

**hydrochloric.** See **Hydrochloric Acid**

## oleic

—fat-absorption analysis in experimental animals showing radiation syndrome, Éva J. Nagy and István Elekcs, **87**: 922, 1966

**tannic.** See **Tannic Acid**

## ACROMEGALY

—cerebral gigantism (ab), Bengt Kjellman, **87**: 564, 1966

## ACTINOMYCIN

—testicular damage resulting from actinomycin D, x-radiation, and their combination in CAF mice (ab), Charlotte L. Maddock et al, **87**: 204, 1966

**ADAMS, PAUL, JR.** See **JUE, KENNETH L.**

**ADELSON, EDWARD, KAUFMAN, RICHARD M., BERDEGUEZ, CIRO, LEAR, ARNOLD A., and RHEINGOLD, JACK J.:** Platelet tagging with tritium labeled diisopropylfluorophosphate (ab), **87**: 201, 1966

**ADENIYI-JONES, C. C.** See **LUCAS, ADETOKUNBO O.**

**ADENOCARCINOMA.** See **Kidneys**, cancer

**ADENOMA.** See **Lungs**, tumors; **Stomach**, tumors

**ADENOMYOMA.** See **Stomach**, tumors

**ADLUX FILM.** See **Radiocobalt**, therapy; **Roentgen Therapy**, high-voltage

## ADRENALS

See also **Adrenocortical Preparations**; **Cushing Syndrome**

—demonstration of suprarenal glands by visceral angiography: preliminary report (ab), H. Ludin, **87**: 998, 1966

## excision

—effect of ionizing radiation on creatine metabolism in patients treated for malignancy and in rats (in some of which the adrenals were excised) (ab), Samuel S. Kurohara, **87**: 407, 1966

## secretion

—case of villous adenoma of rectum with hyperaldosteronism and unusual renal manifestation (ab), Yosef H. Pilch et al, **87**: 179, 1966

## tumors

—angiographic localization of suprarenal tumors (ab), Rolf Köhler and Lars R. Holsti, **87**: 590, 1966

—angiography of adrenal tumors (ab), W. Münster et al, **87**: 998, 1966

—characteristic radiographic shapes of pheochromocytomas and cortical adenomas, Morton A. Meyers, **87**: 889, 1966

—roentgen (retroperitoneal air studies, arteriography) diagnosis of suprarenal masses, Erich K. Lang, **87**: 35, 1966

—selective angiography of suprarenal arteries (ab), W. Forstmann et al, **87**: 575, 1966

—selective arteriography as localizing and provocative test in diagnosis of pheochromocytoma, Thomas F. Meaney and Edward Buonocore, **87**: 309, 1966

## ADRENOCORTICAL PREPARATIONS

—effect of hydrocortisone and x-irradiation on lymphocytosis induced by *Bordetella pertussis* (ab), Stephen I. Morse, **87**: 611, 1966

—plasma corticosterone levels after fast neutron exposure in burros (ab), Thomas J. Haley et al, **87**: 1163, 1966

## AEROSOLS

—investigations into the microdistribution of inhaled radiopromethium (Pm<sup>47</sup>) (ab), Franz Hölzer and Friedrich Gensicke, **87**: 1007, 1966

—lung scanning following radioaerosol inhalation (ab), G. V. Taplin et al, **87**: 603, 1966

**AET (S<sub>2</sub>)-Aminomethylisothionium Bromide Hydrobromide.** See **Radiobiology**, protective and therapeutic agents

**AFTERLOADING.** See **Uterus**, Cancer, radiation therapy

**AGAMMAGLOBULINEMIA.** See **Gamata Globulin**

**AGANGLIONOSIS.** See **Colon**, dilatation

## AGE AND AGING

See also **Menopause**; **Old Age**; **Radiobiology**, aging and longevity studies

—age and dose dependence of bone growth retardation induced by x-irradiation (ab), Richard D. Phillips and Donald J. Kneidel, **87**: 812, 1966

—apparent bone age in cancer (ab), Joseph Stein and John L. Smith, **87**: 987, 1966

—growth of normal trunk in boys and girls during second decade of life related to age, maturity, and ossification of iliac epiphyses (ab), Margaret Anderson et al, **87**: 388, 1966

—influence of total dose and of age on effects of proton irradiation of spinal cords of young rats (ab), Shirley Ann Gilmore, **87**: 407, 1966

—retention of radiocobalt by hair, bone and vascular tissue (ab), William H. Strain et al, **87**: 197, 1966

—roentgen evaluation of renal size in pediatric age groups (ab), O. M. Baghdassarian Gatewood et al, **87**: 190, 1966

**AGGLUTININS AND AGGLUTINATION**

—DNA and RNA synthesis in lymphocytes stimulated by phytoagglutinin (ab), T. M. Flidner et al, 87: 404, 1966

**AGYRIA.** See Brain, abnormalities

**AHLBERG, N. E., BARTLEY, O., and CHIDEKEL, N.:** Circumference of the left gonadal vein: an anatomical and statistical study (ab), 87: 381, 1966

**AHLSTRÖM, SUNE, LINDGREN, MARTIN, and OLIVECRONA, HANS:** Radiologic treatment of orbital lymphoma (ab), 87: 396, 1966

**AINSWORTH, E. J.** See HANKS, G. E.

**AIR.** See Esophagus, diseases; Liver, roentgenography; Pancreas, roentgenography; Pneumography

**ALBAREDE, P., DI PAOLA, R., DI PAOLA, M., and TUBIANA, M.:** Analysis of the spatial distribution of radioactive iodine in the thyroid gland using the method of level diagrams (ab), 87: 605, 1966

**ALBERICO, CAMILLO.** See GRAHAM, WILLIAM L.

**ALFIDI, RALPH J., MEANEY, THOMAS F., BUONOCORE, EDWARD, and NAKAMOTO, SATORU:** Evaluation of renal homotransplantation by selective angiography, 87: 1099, 1966

**ALFTHAM, OLOF, and KETTUNEN, KALEVI:** Effect of roentgen ray treatment of gynecomastia in patients with prostatic carcinoma treated with estrogenic hormones: a preliminary communication (ab), 87: 594, 1966

**ALLEN, J. R., Van LANCKER, J. L., and WOLF, R. C.:** Pathologic alterations produced by total body x-irradiation in monkeys (ab), 87: 1010, 1966

**ALLEN, JOSEPH H., and MEACHAM, WILLIAM F.:** Colloidal barium sulfate as radiographic marker in surgical treatment of cavitary brain lesions, 87: 683, 1966

—**PARERA, CARLOS, and POTTS, D. GORDON:** Relation of arterial trauma to complications of cerebral angiography (ab), 87: 369, 1966

—See STOANE, LEONARD

**ALLERGY.** See Anaphylaxis and Allergy

**ALLISON-JOHNSTONE'S ANOMALY.** See Esophagus

**ALLYLAMINE.** See Radiobiology, neurologic and psychologic studies

**ALPEN, E. L.** See HANKS, G. E.

**ALPERT, MEYER.** See FALK, STEPHEN

**ALUM**

—comparison of ammonium alum and tannic acid as barium enema additives (ab), George M. Wyatt et al, 87: 794, 1966

**ALVEOLI.** See Lungs

**AMEBIASIS**

—See also Liver, amebic abscess

—roentgen appearance of intestinal amebiasis (ab), Albert Weinfeld, 87: 791, 1966

**AMERICAN BOARD OF RADIOLOGY.** 87: 556, 1966

**AMERICAN CANCER SOCIETY.** 87: 962, 1966

**AMERICAN COLLEGE OF GASTROENTEROLOGY**

—course in postgraduate gastroenterology, 87: 363, 1966

**AMERICIUM.** radioactive. See Radioamericium

**S,2-AMINOETHYLSIOTHURONIUM BROMIDE HYDROCHLORIDE.** See Radiobiology, protective and therapeutic agents

**AMMONIA AND AMMONIUM COMPOUNDS**

—comparison of ammonium alum and tannic acid as barium enema additives (ab), George M. Wyatt et al, 87: 794, 1966

**AMNIOGRAPHY.** See Amniotic Fluid, roentgenography

**AMNIOTIC FLUID**

—comparison of amniography and pelvic angiography in diagnosis of hydatidiform mole, Gabriel Wilson, Stephen Colodny, and William Weidner, 87: 1076, 1966

**AMPLATZ, KURT.** See ELLIOTT, LARRY P.

—See JUE, KENNETH L.

—See KIEFFER, STEPHEN A.

—See LUNDQUIST, CHARLES

"AMPULE." See Rectum, foreign bodies

**AMPUTATION-STUMPS**

—arteriogram of paralyzed leg and amputation-stumps (ab), K. Reinhardt, 87: 983, 1966

—healing of amputation stumps, with special reference to vascularity and bone (ab), Uno Erikson and Sven Olerud, 87: 800, 1966

**AMYLOIDOSIS**

—amyloid heart disease (ab), Richard D. Kittredge and Nathaniel Finby, 87: 165, 1966

**ANALGESICS**

—radiologic observations associated with Phenacetin overdosage (ab), J. H. Gardiner, 87: 995, 1966

**ANAPHYLAXIS AND ALLERGY**

—eosinophilic (allergic) gastroenteritis (ab), H. Joachim Burhenne and John V. Carbone, 87: 790, 1966

**ANATOMY**

—See also under organs and regions

—transmission scanning: useful adjunct to conventional emission scanning for accurately keying isotope deposition to radiographic anatomy, David E. Kuhl, John Hale, and Walter L. Eaton, 87: 278, 1966

**ANDERSEN, HOWARD A.** See WYCHULIS, ADAM R.

**ANDERSON, A.** See STRATTON, K.

**ANDERSON, MARGARET, HWANG, SHIH-CHEN, and GREEN, WILLIAM T.:** Growth of the normal trunk in boys and girls during the second decade of life related to age, maturity, and ossification of the iliac epiphyses (ab), 87: 388, 1966

**ANDERSON, RAY C., and VARCO, RICHARD L.:** Impaction of cardiac catheter in coronary vein (ab), 87: 169, 1966

—See JUE, KENNETH L.

—See KIEFFER, STEPHEN A.

**ANDERSON, WILLIAM BRUCE.** See PARKER, JACOB J.

**ANDERSSON, HUGO:** Craniostenosis as a complication after operation for hydrocephalus (ab), 87: 778, 1966

**ANDREWS, JOHN T.** See STOLL, BASIL A.

**ANDROGENS**

—effect of testosterone enanthate and alkylating agents on multiple myeloma (ab), Isadore Brodsky et al, 87: 184, 1966

—palliative treatment of osseous metastases from carcinoma of breast and carcinoma of prostate with radioactive phosphorus and testosterone (ab), R. J. Walton, 87: 402, 1966

**ANEMIA**

—See also Radiobiology

**aplastic**

—roentgen appearance of anomalies associated with hypoplastic anemias of childhood: Fanconi's anemia and congenital hypoplastic anemia (erythrocytogenesis imperfecta) (ab), Hideyo Minagi and Howard L. Steinbach, 87: 1148, 1966

Fanconi's. See Anemia, aplastic

hypoplastic. See Anemia, aplastic

**ANESTHESIA.** See Pain, absence

**ANEURYSM**

abdominal. See Aneurysm, aortic

aneurysmal bone cysts. See Bones, cysts

**aortic**

—annulo-aortic ectasia with cystic medial necrosis: diagnosis and surgical treatment (ab), Don W. Chapman et al, 87: 787, 1966

—arteriosclerotic abdominal aneurysms: report of 200 consecutive cases diagnosed by intravenous aortography (ab), Israel Steinberg and Harry L. Stein, 87: 982, 1966

—changes in linear thoracic paraspinous shadow due to para-aortic hemorrhage: new sign of dissecting aortic aneurysm (ab), S. J. Figiel et al, 87: 1138, 1966

—fatal and near-fatal mesenteric infarction caused by intramural injection in translumbar biphasic aortography (report of 7 cases and of useful sign of impending infarction) (ab), C. B. A. J. Puylaert, 87: 380, 1966

—sinus of Valsalva aneurysms (ab), John C. Rowley and R. Brian Holmes, 87: 377, 1966

—visualization of abdominal aortic aneurysms (ab), Israel Steinberg and Harry L. Stein, 87: 171, 1966

arteriovenous. See Fistula, arteriovenous

**brachial**

—"subclavian steal syndrome" with reversal of blood flow in right carotid artery (ab), Carlos M. Ramirez-Boettner et al, 87: 573, 1966

**cardiac**

—aortico-left ventricular tunnel: cause of massive aortic regurgitation and of intracardiac aneurysm (ab), William C. Roberts and Andrew G. Morrow, 87: 378, 1966

—ventricular septal aneurysms: report of 2 cases (ab), Josef Edelstein and Bernard L. Charms, 87: 166, 1966

**cerebral**

—intracranial lesions producing localized ballooning or thinning of calvarium (ab), Alan E. Zimmer and Lawrence H. Caplan, 87: 973, 1966

—rupture of cerebral aneurysm during angiography (ab), Ching Tung Liu, 87: 157, 1966

**femoral**

—hazards and complications of retrograde aortography and arteriography (ab), S. M. Greenstone et al, 87: 575, 1966

**meningeal**

—aneurysm of middle meningeal artery: case report (ab), Albert W. Auld et al, 87: 157, 1966

rupture. See Aneurysm, cerebral

**sciatic**

—arteriography of persistent primitive left sciatic artery with aneurysm: case report, Donald A. Taylor and Americo S. Fiore, 87: 718, 1966

**ANEURYSMAL BONE CYST.**

See ANGELIS EFFREME, OTTAVIA. See CATALANO, EUGENIO

**ANGINA.**

See Abdomen, pain in

**ANGINA PECTORIS**

—adaptation to exercise in angina pectoris: electrocardiogram during treadmill walking and coronary angiographic findings (ab), Rex N. MacAlpin and Albert A. Kattus, 87: 574, 1966

—value of coronary arteriography in investigation of ischemic heart disease (ab), G. Hale et al, 87: 574, 1966

**ANGIOCARDIOGRAPHY**

—See also Heart; Thrombosis, cardiac

—angiocardio-graphic findings in traumatic rupture of bronchus: 2 chronic cases (ab), Israel Steinberg and Laurence Miscall, 87: 1135, 1966

—cineangiocardio-graphic studies of left ventricle in idiopathic hypertrophic subaortic stenosis and other primary myocardial diseases, Robert Rosenblum, Berta M. Rubin-stein, Norman Solomon, and Harold G. Jacobson, 87: 23, 1966

—hook-tail "closed-end" catheter for percutaneous selective cardioangiography, Erik Boijesen and Melvin P. Judkins, 87: 872, 1966

**ANGIOCARDIOGRAPHY—cont.****complications**

- hemodynamic changes associated with injection of angiographic contrast medium in assessment of valvular lesions (ab), Shahbuddin H. Rahimtoola et al, 87: 572, 1966

**ANGIOGRAPHY**

- See also Adrenals, tumors; Aneurysm; Angiocardiography; Brain; Coronary Vessels; Embolism; Fistula, arteriovenous; Hand; Heart; Lungs, cancer; Muscles, hematoma; Pancreas; Thrombosis; etc.
- angioscanner, M. Viamonte, Jr., and A. Gilson, 87: 351, 1966
- radiodiagnosis. Vol. 1, Tomo 2. Angiography (bk rev), Luigi Turano et al, 87: 364, 1966

**apparatus and equipment**

- simple arterial catheter inserter, Joseph L. Curry and Willard J. Howland, 87: 532, 1966
- simple peripheral vascular injector which uses disposable plastic syringes, Robert D. Milledge and Edward M. Higgins, 87: 530, 1966

**complications**

- arteriovenous fistula as complication of cerebral angiography: report of 3 cases (ab), K. Bergström and H. Lodin, 87: 974, 1966
- arteriovenous fistula involving vertebral artery: report of 3 cases (ab), Melvin H. Sher et al, 87: 975, 1966
- experimental investigations of and clinical experiences with methods of renal angiography (ab), I. Lék and L. Pokorný, 87: 995, 1966
- experimental renal arteriography: comparison of spinal cord and renal toxicity from iohalamate and diatrizoate compounds (ab), Bruce H. Stewart et al, 87: 590, 1966
- hazards and complications of retrograde aortography and arteriography (ab), S. M. Greenstone et al, 87: 575, 1966
- neurological complications following arterial catheterization by axillary approach (ab), A. Staal et al, 87: 574, 1966
- prevention of complications during vascular opacification studies (ab), James E. Youker, 87: 382, 1966
- relation of arterial trauma to complications of cerebral angiography (ab), Joseph H. Allen et al, 87: 309, 1966
- removal of iatrogenic foreign bodies (guide wire) within cardiac chambers and great vessels (ab), C. Walton Lillehei et al, 87: 168, 1966
- rewards and hazards of selective renal arteriography (ab), I. L. Bunnell and D. G. Greene, 87: 392, 1966
- rupture of cerebral aneurysm during angiography (ab), Ching Tung Liu, 87: 157, 1966
- splenic arteriovenous fistula following percutaneous splenopography, Arnold Chait and Milton Margulies, 87: 318, 1966
- subarachnoid injection of contrast medium: complication of vertebral angiography (ab), W. N. C. McCleery and N. A. Lewtas, 87: 564, 1966

**technic**

- angiography at fourfold magnification with special reference to examination of tumors (ab), S. Takahashi et al, 87: 981, 1966
- angiography of bronchial circulation in bronchial carcinoma by means of subtraction technic: its value in regional infusion (ab), A. S. Groen et al, 87: 376, 1966
- catheter technic in vertebral arteriography, Thomas H. Newton, Richard A. Kramer, and John R. Mani, 87: 691, 1966
- cerebrovascular occlusive disease: experience with panarteriography in 300 consecutive cases (ab), F. William Blaisdell et al, 87: 154, 1966
- femoral angiography during maximal blood flow (ab), Erik Boijesen and Inge Dahn, 87: 107, 1966
- infraclavicular subclavian angiography by percutaneous puncture (ab), Anselmo Pineda et al, 87: 156, 1966
- oxyarteriography, Dino Catalano, 87: 688, 1966
- percutaneous catheterization in children, Donald T. Desilets, Herbert D. Ruttenberg, and Richard B. Hoffman, 87: 119, 1966
- umbilical vein angiography, Richard E. Kessler and David S. Zimmon, 87: 841, 1966
- value of special angiographic techniques in management of patients with abdominal neoplasms (ab), Stanley Baum et al, 87: 393, 1966

**ANGIOMA. See Tumors, angioma****ANGIOMICROSCOPY. See Microradiography****ANGIOSCANOGRAPHY. See Angiography****ANKLE**

- normal axial relationships of major joints, Theodore E. Keats, Rex Teeslink, Arthur E. Diamond, and John H. Williams, 87: 904, 1966
- Ewing's tumor of talus misdiagnosed as avascular necrosis: case (ab), S. L. Weissman et al, 87: 801, 1966

**ANNES, GEORGE P. See ZIMMER, ALAN E.****ANNULO-AORTIC ECTASIA. See Aneurysm, aortic****ANTHROPOMETRY**

- comparative radiological study of spines of primitive population with North Americans and Northern Europeans (ab), W. Harry Fahrni and Gordon E. Trueman, 87: 187, 1966

**ANTIA. P. P. See SHARMA, S. M.****ANTIFREEZE. See Methyl Alcohol****ANTRUM. See Stomach****AORTA**

- See also Aneurysm; Aortography; Pulseless Disease
- 1966 W. Edward Chamberlain lecture, 87: 963, 1966

- regular alternating changes in arterial width in lower limb angiograms (ab), Rolf Köhler, 87: 381, 1966
- x-ray microscopic study of blood supply to aortic bifurcation and common iliac arteries (ab), John A. Clarke, 87: 1140, 1966

**abnormalities**

- anomalous relationship of inferior vena cava and abdominal aorta as specific angiographic sign in asplenia, Larry P. Elliott, Glen G. Cramer, and Kurt Amplatz, 87: 859, 1966
- aortico-left ventricular tunnel: cause of massive aortic regurgitation and of intracardiac aneurysm (ab), William C. Roberts and Andrew G. Morrow, 87: 378, 1966
- interruption of aortic arch: anatomic patterns and associated cardiac malformations (ab), James H. Moller and Jesse E. Edwards, 87: 170, 1966
- interruption of aortic arch with complete transposition of great vessels: hemodynamic and angiographic data of case diagnosed during life (ab), David E. Bowers et al, 87: 787, 1966
- intralobar bronchopulmonary sequestration demonstrated by aortography and selective arteriography of anomalous vessel (ab), Charles A. Ribaud et al, 87: 782, 1966

**aneurysm. See Aneurysm****calcification**

- aortic sinus of Valsalva calcification: roentgen sign on lateral chest film, Leonard H. Levitan and Herbert F. Reilly, Jr., 87: 1074, 1966

**coarctation. See Aorta, stricture****effects of irradiation**

- retention of radiocobalt by hair, bone, and vascular tissue (ab), William H. Strain et al, 87: 197, 1966

**fistula. See Fistula****foreign bodies**

- removal of iatrogenic foreign bodies in cardiac chambers and great vessels (ab), C. Walton Lillehei et al, 87: 168, 1966

**insufficiency**

- annulo-aortic ectasia with cystic medial necrosis: diagnosis and surgical treatment (ab), Don W. Chapman et al, 87: 787, 1966
- recurrence of aortic coarctation after operation in childhood (ab), Clifford G. Parsons and Roy Astley, 87: 982, 1966

**necrosis**

- annulo-aortic ectasia with cystic medial necrosis: diagnosis and surgical treatment (ab), Don W. Chapman et al, 87: 787, 1966

**perforation**

- hazards and complications of retrograde aortography and arteriography (ab), S. M. Greenstone et al, 87: 575, 1966

**regurgitation from. See Aortic Valve, insufficiency****rupture**

- gastrointestinal hemorrhage secondary to rupture of aorta: review of 4 duodenal and 3 esophageal cases (ab), Matthew J. Ferguson and Michael J. Arden, 87: 380, 1966

**stricture**

- cineangiographic studies of left ventricle in idiopathic hypertrophic subaortic stenosis and other primary myocardial diseases, Robert Rosenblum, Berta M. Rubinstein, Norman Solomon, and Harold G. Jacobson, 87: 23, 1966

- left ventricular hypertrophy: electrocardiographic and angiographic study in children with systolic overload of left ventricle (ab), Kassem Hatam et al, 87: 569, 1966
- recurrence of aortic coarctation after operation in childhood (ab), Clifford G. Parsons and Roy Astley, 87: 982, 1966

- routine roentgenographic diagnosis of coarctation of aorta in child (ab), Lars Björk and Raymond Friedman, 87: 171, 1966

**syphilis**
